

Student Non-District Transportation Permission Form

This form must be completed each time a parent wants to drive their child, or have their child drive, to or from practices, games, events, etc.

Students are to use district transportation to field trips, athletic competitions, band trips, club trips, etc., when provided. Travel in a school bus built to federal specifications is the safest mode of travel for student activity transportation. However, because of compelling needs, parents may need to transport their child or ward, or the student may need to drive himself/herself. A personal vehicle use form must accompany this form, as applicable.

The student and Parent/Guardian are required to submit a request to the Coach or Instructor, Department Chair or Director, and School Administrator that they will be providing their own transportation as soon as possible, but not less than 24 hours in advance of the activity. If the Coach or Instructor, Department Chair or Director, and School Administrator decide that self-transportation for this particular event is inappropriate, the student and parent agree that the student will use the transportation provided by the district.
4. It is understood and agreed that this permission to provide our own transportation is conditionally approved by the Coach or Instructor, Department Chair or Director, and School Administrator, and can be revoked at any time at their discretion.
